Clerk Means will administer the Oath of Office to Mayor Gerry Arno and Council Members Chris Grider, Brenda Guyse, and George Humphries, Jr.

6. A. Ordinance No. 221 – Council Compensation

Public Hearing

This is the time reserved on the agenda to hear public comments on the proposed ordinance to increase Council compensation. Pursuant to Section 3.5 of the City Charter, changes to Council compensation require adoption of an ordinance. The Council Personnel Committee is recommending an increase in Council compensation. The basis for the recommendation is explained in the attached memorandum.

Council Action [ROLL CALL][Action Item]

This is the accompanying action item for the proposed Ordinance Amendment. Following receipt of public comments, the Council may consider a motion to act on the proposed amendment. A roll call vote is required. *Please refer to Ordinance 221, Personnel Committee memo, and the public hearing notice.*

7. A. Selection of Mayor Pro Tem

[Action Item]

Section 3.6 of the City Charter provides that Council shall hold its organizational meeting at the first regular meeting following the November city election. At that time, Council shall select a Mayor Pro Tem from its members. The Mayor Pro Tem acts in the place of the Mayor in the event of absence or disability to the Mayor, and serves as interim Mayor in the event of a vacancy until the Mayor returns or the vacancy is filled. Current Mayor Pro Tem Bowman is eligible to continue to serve. A motion is necessary to select the Mayor Pro Tem.

7. B. Receive June 30,2022 Audit Report – Bailey, Hodshire & Co. P.C. [Action Item] Greg Bailey will present the June 30, 2021 Audit Report. The Audit Report is included electronically in this packet. Please contact staff if you prefer a paper copy.

Per the opinion noted by Bailey, Hodshire & Co. P.C. in the auditor's report on page 1, "In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Jonesville, as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended, in accordance with accounting principles generally accepted in the United States of America." Following the presentation, I would recommend a motion to receive the June 30, 2022 Audit Report, as presented. Please refer to the enclosed Audit Report.

7. C. Board and Commission Appointments

[Action Item]

Various Board and Commission appointments are necessary due to the expiration of terms in 2022.

Board of Review: Larry Mix – Reappoint to a three-term through December of 2025.

Manager Report and Recommendations November 16, 2022 Council Meeting Page 2 of 3

<u>Cemetery Committee</u>: Les Hutchinson, Mike Kyser, Brenda Rathbun, and John Center – Reappoint to a three-year term through November of 2025.

<u>Citizenship Committee</u>: Kathi Boyle – Reappoint to a three-year term through September of 2025.

<u>Downtown Development Authority</u>: Penny Sarles – Reappoint to a four-year term through November of 2026.

<u>Local Development Finance Authority</u>: Steve Harding – Reappoint to a four-year term through November of 2026.

Planning Commission: Jim Ackerson – Reappoint to a three-year term through November of 2025.

In addition, there is a board vacancy on Planning Commission and one on the Local Development Finance Authority. Staff will advertise these openings and bring recommendations at a future date.

A motion is necessary to make the reappointments to the respective boards.

7. D. Council Committee Appointments

[Action Item]

There are various appointments of City Council members to committees and boards. These include Council subcommittees, Council representation on City Boards and Committees, and City representation on outside boards. As indicated on the attachment, there are various vacancies and term expirations to be addressed. A motion is necessary to appoint Council members to various committees and boards. *Please refer to the Council committee appointment roster*.

7. E. Clerk and Treasurer Reappointments

[Action Item]

Section 7.1 of the City Charter provides for the appointment of certain appointed officials by majority vote of Council following receipt of a written recommendation from the City Manager. The appointed terms of Clerk/Deputy Treasurer Cindy Means and Treasurer/Deputy Clerk Lenore Spahr both expire this month. Both Mrs. Means and Mrs. Spahr have met expectations in their most recent performance evaluations. In addition, both provide outstanding service to the residents of the City of Jonesville. I recommend reappointment of Clerk/Deputy Treasurer Cindy Means and Treasurer/Deputy Clerk Lenore Spahr for four (4) year terms, expiring November 2026.

7. F. Fire Pumper/Tanker Repair

[Action Item]

The assembly representative that managed the manufacture of the pumper/tanker has taken responsibility for transport and diagnosis costs of the leaking polypropylene water tank that is onboard the vehicle. The fabricating company has confirmed that the tank has experienced a total failure. Replacement of the tank will cost \$41,225, as indicated in the attached proposal, including a lifetime warranty. The tank can be rebuilt for approximately \$32,000, but will not be warranted. Director Etter is recommending replacement of the tank. Staff would recommend funds be transferred from the Fire Truck reserve for this unanticipated expense. The current balance of the reserve is \$48,503.79, not including the \$27,000 deposit that will be made later in the fiscal year.

7. G. Sunset View Cemetery Tree Removal

[Action Item]

Staff requested Craig Wickham review the condition of the trees in the Cemetery, which took place this month. It has been determined that four trees should be removed and two trimmed at total cost of \$7,200. Mr. Wickham's quote is attached. Trees #1 through 6 on the quote are those in the Cemetery. The

Manager Report and Recommendations November 16, 2022 Council Meeting Page 3 of 3

remainder will be addressed in the street budgets. The Cemetery work is an unbudgeted expense, but necessary due to damage caused in recent storms. There are sufficient Cemetery reserve funds to address the work. If the work is postponed to the next fiscal year, there is a risk that monuments and/or the City's pole building could be damaged. *Please refer to the attached quote*.

7. H. City, Village, and Township Revenue Sharing (CVTRS) Certification of Accountability and Transparency

[Action Item]

In 2015, the Michigan Legislature established the City, Village, and Township Revenue Sharing (CVTRS) program (a simplified version of the Economic Vitality Incentive Program (EVIP)). These programs replace the statutory revenue sharing program for eligible cities, villages and townships. To qualify for the CVTRS payments, eligible local units must certify and submit to the Department of Treasury by December 1, 2022 that the following have been made available to the public: 1) a citizen's guide to our most recent local finances; 2) a performance dashboard; 3) a debt service report; and 4) a projected budget report of revenues and expenditures comparing the current fiscal year with next fiscal year. Staff can provide an interactive demonstration of these documents and recommends a motion to authorize filing the Certification of Accountability and Transparency with the Department of Treasury. *Please refer to the attached CVTRS Certification form.*

7. I. Fiscal Year 2022-23 1st Quarter Budget Comparison

[Information Item]

The Fiscal Year 2022-23 three-month budget comparison (July 1, 2022-September 30, 2022) is attached. Where revenues or expenditures exceed the 25% level for the quarter, notes are provided. Overall, revenues and expenditures are tracking as expected. Notable expenditures include one-time planned capital expenses and storm cleanup. Finance Director Spahr can address any questions or comments at the meeting. *Please refer to the attached Budget Comparison*.

MEMORANDUM

TO: City Council

FROM: Council Personnel Committee

DATE: October 13, 2022

SUBJECT: Council Compensation

We recently asked staff to complete a survey of compensation of elected boards (city and village councils, and township boards of trustees) in the south-central Michigan area. The results of that survey are attached. You will see that the City's compensation of \$25 per meeting for the Mayor and \$20 per meeting for the Council is well below that of our peers.

Based on the responses to the survey, the average compensation is \$150 per meeting for the mayors and \$75 for councils. The Personnel Committee is recommending a more modest increase for the Jonesville City Council compensation of \$75 per meeting for the Mayor and \$50 per meeting for the Council.

A compensation increase was included in the current fiscal year budget, as Council compensation has not been reviewed since it was decreased about a decade ago in the aftermath of the Great Recession.

If the City Council is inclined to proceed with the recommended increase, Section 3.5 of the City Charter requires adoption of an ordinance. A draft ordinance for that purpose is attached. We recommend a motion to schedule a public hearing on the proposed ordinance at the November 16, 2022 regular meeting.

INDEPENDENT AUDITOR'S REPORT

To the City Council City of Jonesville Jonesville, Michigan

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Jonesville, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Jonesville, as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Jonesville and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Change in Accounting Principle

As discussed in Note 18 to the financial statements, in 2022 the City adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 87, *Leases*. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Jonesville's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than

City Council Jonesville, Michigan

or one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Jonesville's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Jonesville's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information pages 3 - 9 and page 36 - 39 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 9, 2022, on our consideration of the City of Jonesville's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Jonesville's internal control over financial reporting and compliance.

Bailey, Hodshire & Company, P.C.

Jonesville, Michigan November 9, 2022

Introduction

This section of the annual financial report presents management's discussion and analysis of the City's financial performance during the year ended June 30, 2022. Please read it in conjunction with the City's financial statements, which immediately follow this section.

Financial Highlights

- The City's assets exceeded its liabilities by \$14,711,398 (net position) at the close of this fiscal year. Net position at the beginning of the fiscal year totaled \$14,051,974, showing an increase of \$659,424 during the current year.
- The City's governmental funds reported total ending fund balance of \$3,129,894 of which \$1,820,226 is unassigned and unrestricted, and available for spending at the City's discretion. This compares to the prior year ending fund balance of \$2,904,500 showing an increase of \$225,394 during the current year.
- At the end of the current year, fund balance for the General Fund was \$1,833,550 or 106% of General Fund expenditures. This is an increase of \$18,720 from last year's ending fund balance of \$1,814,830.

Overview of the Financial Statements

This MD&A is intended to serve as an introduction to the City's basic financial statements. The basic financial statements include: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. The City also includes in this report additional information to supplement the basic financial statements.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, similar to that found in private sector business.

Statement of Net Position - This statement presents information of all of the City's assets and liabilities, with the difference being reported as net position. Over time, increases or decreases in net position may serve as a useful indicator as to whether the City's financial condition as a whole is improving or deteriorating.

Statement of Activities - This report shows how the City's net position changed during the fiscal year. All current year revenues and expenses are included regardless of when the cash is received or paid. An important purpose of this statement is to show the financial reliance of the City's distinct activities or functions on revenues provided by the taxpayers.

Both of the above statements distinguish governmental activities from business-type activities. Governmental activities include general government, public safety, public services, zoning, and recreation, and are principally supported by property taxes and revenues from other governments. Business-type activities include water and sewer, and are intended to recover all or a significant portion of their costs through user fees and charges.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Fund accounting is used to ensure and demonstrate compliance with finance-related legal requirements. All of the City's funds can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds are used to account for essentially the same functions as governmental activities in the government-wide financial statements. However, these statements report short-term fiscal accountability focusing on the use of expendable resources during the year and balances of expendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's short-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of short-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenue, expenditures and changes in fund balances provide reconciliations to the government-wide statements to assist in understanding the differences between these two perspectives.

Budgetary comparison statements are included as required supplementary information for the general fund and major special revenue funds. These statements and schedules demonstrate compliance with the City's adopted and final revised budget.

Proprietary Funds generally report services for which the City charges customers a fee. There are two types of proprietary funds: Enterprise Funds and Internal Service Funds. Enterprise Funds are used to report functions presented as business-type activities, while Internal Service Funds primarily service the governmental unit and are included with governmental activities. The Water and Sewer Funds are Enterprise Funds, and the Motor Vehicle Pool is an Internal Service Fund.

The *Fiduciary Fund* (Current Tax Collection Fund) is reported in the fiduciary fund financial statements, but is excluded from the government-wide reporting. Fiduciary fund financial statements report resources that are not available to fund City Programs.

Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Required Supplementary Information can be found immediately following the notes to the financial statements. This information includes budgetary comparison statements for all major funds.

Other Supplementary Information includes statements for non-major governmental funds.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of the City's financial position. The City's assets exceeded its liabilities by \$14,711,398 (net position) at the close of this fiscal year. Net position at the beginning of the fiscal year totaled \$14,051,974, showing an increase of \$659,424 over the prior year.

The following table provides a summary of the City's net position:

Governmental Activities increased the City's net position by \$706,213. This represents an increase from last year's change in net position.

Revenues from governmental activities totaled \$2,308,533. Property tax revenue represented the largest portion of those revenues (33.6%), operating grants and contributions was 25.1%, and state shared revenue was 12.3%.

The largest components of governmental activities' expenses were general government (36.6%), public safety (29.0%), and streets, highways, and drains (21.0%). General government consists of City Council, Administration, Motor Vehicle Pool, etc. Public safety includes police and fire.

Business-type Activities decreased the City's net position by \$46,789. Net position will be used to repay debt on the sewer and water improvements, as well as to plan for future improvements in the water and sewer systems.

Governmental Funds - The focus of the City's governmental funds is to provide information on short-term inflows, outflows, and balances of expendable resources. Such information is useful in assessing the City's financing requirements. In particular, unrestricted fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. As of June 30, 2022, the City's governmental funds reported combined ending fund balances of \$3,129,894. Of this total, approximately 58.2% was unrestricted and unassigned, indicating availability for continuing City service requirements. Although a substantial amount is unrestricted, future plans include street repairs, park and cemetery improvements, and other projects.

The General Fund is the primary operating fund of the City. At the end of the current fiscal year, the General Fund showed a healthy fund balance of \$1,833,550, representing an increase of \$18,720. Other Major Governmental Funds include Major and Local Streets. Non-major governmental funds include the State Highway and Debt Service funds. The Major Street Fund experienced an increase of \$105,559 in fund balance. The Local Street Fund experienced an increase of \$100,989 in fund balance.

Proprietary Funds - The proprietary fund statements share the same focus as the government-wide statements, reporting both short-term and long-term information about financial status. The City's proprietary funds consist of the Water Fund, Sewer Fund, and the Motor Vehicle Pool. Total net position of the Water and Sewer Funds was \$5,691,272 at June 30, 2022, a decrease of \$46,789 from the previous fiscal year. The Motor Vehicle Pool's net position at the end of this fiscal year was \$875,852, an increase of \$32,424 from the previous fiscal year.

Major Governmental Funds Budgeting and Operating Highlights

General Fund – The difference between the original and final amended budget for General Fund revenues was \$538,179 (\$1,947,406 vs. \$1,409,227). The increase between the appropriations originally budgeted and the final appropriations budget was \$494,811 (\$1,824,477 vs. \$1,329,666). There were minor increases in City Manager, Elections, General Office, Data Processing, City Hall, Cemetery, Fringe Benefits, Public Safety, Public Works, Parks, and Rail/Trail. Capital Outlay was \$624,457, which included the following: City Hall roof and renovations due to the August 2021 storm (\$369,246), Council laptops and gear (\$6,847), BS&A Miscellaneous Receivables and Cemetery Software (\$8,400), DPW Salt Pad top coat (\$3,364), DPW building garage door openers (\$1,850), Cemetery building improvements (\$22,754), Cemetery foundation repairs (\$5,000), New Police Department furnace and A/C (\$9,800), Police Department front door repairs (\$1,202), Fire Department overhead door openers (\$4,000), Fire Department turnout gear washer (\$4,766), Fire Department Emergency Siren replacement (\$30,780), Fire Department gutter repair (\$1,800), Fire Department Truck 535 and 539 equipment (\$2,908), Fire Department SCBAs (\$147,000), Fire Department pagers (\$2,489), and traffic signal service panel replacement (\$2,251).

Factors Bearing on the City's Future

One of the City's greatest assets is the staff. Retention and recruitment of talented and dedicated employees assures that the City can provide efficient and effective services to the citizens. In recent years, the City has completed wage studies for full-time, part-time and paid-on-call employees to assure that wages remain competitive, with wage adjustments completed, as necessary. Recruitment of law enforcement officers has presented challenges. National trends in the profession have resulted in a higher number of retirements than new entries into the profession. The City is pursuing creative ways to recruit new officers, including innovative scheduling and education reimbursements.

Infrastructure investments will continue, including milling, paving, safety and efficiency improvements to Maumee Street. This project is partially funded with Federal grant dollars. The Downtown Development Authority is working to coordinate streetscape updates in the Downtown with planned paving by the Michigan Department of Transportation. Pedestrian and bicycle safety improvements are being explored, along with changes to lane markings to improve the function of on-street parking for our Downtown businesses.

The City Council and Downtown Development Authority have worked cooperatively to recruit a potential developer to the former Klein Tool Building. It is hoped that this project will add additional retail and housing space to the Downtown, activate the riverfront, and provide important tax base.

The City continues to monitor inflation trends. Staff has noted impacts on availability, lead time, and cost of parts and equipment in all Departments. These trends will warrant careful monitoring for their potential impacts on future year budgeting and projects.

Reconciliation of Statement of Revenue, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Year Ended June 30, 2022

Net changes in fund balances - total governmental funds

\$ 225,394

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures, however, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Add: Capital outlay	700,493
Deduct: Depreciation expense	(445,642)
An Internal Service Fund is used by management to charge the cost of equipment and vehicle usage to individual funds. Net revenue of the Internal Service Fund of (before depreciation) is reported with governmental activities in the statement of net position.	107,915
Debt proceeds provide current financial resources to governmental funds in the period issued, but issuing debt increases long-term liabilities in the statement of net position. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.	
Add: Principal payments on long-term debt	112,000
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the funds.	
Add: Decrease in interest payable on long-term liabilities	810
Add: Decrease in accrual for compensated absences	 5,243
Change in net position of governmental activities	\$ 706,213

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Jonesville comprises a population of approximately 2,176 residents in Hillsdale County, Michigan. It is governed by a seven-member council with a Mayor as its head. As required by generally accepted accounting principles, these financial statements present the City's primary government and component units over which the City exercises significant influence. Significant influence or accountability is based primarily on operational or financial relationship with the City (as distinct from legal relationships).

The following component units are reported in the City's financial statements:

- The Local Development Finance Authority (LDFA) was created under Public Act 281 of 1986 of the State of Michigan. The LDFA's purpose is to work towards the elimination of the causes of unemployment, underemployment and joblessness, and to promote economic growth in the City of Jonesville.
- The Downtown Development Authority (DDA) was created under Public Act 197 of 1975 of the State of Michigan. The DDA's purpose is to eliminate the causes of deterioration of property values in the business district of the City and to promote economic growth.

The City appoints the majority of the Boards of Directors of the LDFA and DDA. The budgets of both entities require the City's approval, and their main revenue source (tax increment financing) is a financial burden to the City.

The accounting policies of the City of Jonesville conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The following is a summary of significant accounting policies used by City of Jonesville:

Government-Wide and Fund Financial Statements

Government-Wide Financial Statements - The statement of net position and the statement of activities display financial information about the City as a whole, excluding fiduciary activities. The primary government and component units are presented separately within the financial statements with the focus on the primary government. Individual funds are not displayed, but the statements distinguish governmental activities, generally supported by property taxes and City general revenue, from business-type activities, generally financed in whole or in part with fees charged to external customers.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the City's governmental and business-type activities. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the function and grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Property taxes, State Revenue Sharing, and other items not properly included among program revenues are reported as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the City.

Fund Financial Statements - Fund financial statements report detailed information about the City. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by fund type.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Measurement Focus and Basis of Accounting

The financial statements of the City are prepared in accordance with generally accepted accounting principles (GAAP) and all relevant pronouncements of the Governmental Accounting Standards Board (GASB).

The government-wide statements are prepared using the economic resources measurement focus and the accrual basis of accounting including the reclassification or elimination of internal activity (between or within funds). However, internal eliminations do not include utility services provided to City departments. Proprietary fund and component unit financial statements also report using this same focus and basis of accounting. Revenue is recorded when earned and expenses are recorded when the liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measureable and available. Revenue is considered to be available if it is to be collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenue to be available if it is collected within sixty days of the end of the current fiscal period. Expenditures generally are recorded when the liability is incurred, as under accrual accounting. However, debt service expenditures, expenditures relating to compensated absences, and claims and judgments are recorded only when payment is due.

Under the modified accrual basis, property taxes, State revenue sharing, interest, and grants are considered to be both measurable and available at fiscal year-end. Grants and entitlements received before the eligibility requirements are met are recorded as deferred revenue.

Operating income reported in proprietary fund financial statements includes revenue and expenses related to the primary, continuing operations of the fund. Principal operating revenue for proprietary funds is charges to customers for sales or services. Principal operating expenses are the costs of providing goods or services and include administrative expenses and depreciation of capital assets. Other revenue and expenses are classified as non-operating in the financial statements.

Financial Statement Presentation

The City uses funds to maintain its financial records during the fiscal year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain City functions or activities. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts.

The City reports the following major governmental funds:

<u>General Fund</u> - used to account for all financial resources except those required to be accounted for in another fund. The general fund balance is available for any purpose provided it is expended or transferred according to the laws of the State of Michigan.

<u>Special Revenue Funds</u> - used to account for the proceeds of specific revenue sources (other than special assessments, expendable trust, or major capital projects) that are legally restricted to expenditures for specified purposes (i.e. Major Streets and Local Streets).

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The City reports the following major enterprise funds:

Water Utilities Fund - accounts for the operating activities of the City's water utilities services.

Sewer Utilities Fund - accounts for the operating activities of the City's sewer utilities services.

Additionally, the City reports the following non-major fund types:

Special Revenue Fund – State Highway Fund

<u>Debt Retirement Fund</u> - used to account for the accumulation of resources for and the payment of principal and interest on the City's general obligation debt.

<u>Internal Service Fund</u> - accounts for the financing of goods and services provided by one department to other departments within the City on a cost-reimbursement basis (i.e. equipment and vehicle usage). This is a proprietary fund reported with governmental activities in the government-wide statements.

<u>Fiduciary Fund</u> - accounts for fiduciary assets held by the City in a custodial capacity as an agent on behalf of others (i.e. property taxes collected for other governments).

Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

<u>Bank Deposits and Investments</u> - Cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with a maturity of three months or less. Investments in this account are stated at cost which equals market value.

<u>Inventories</u> - Inventories are stated at cost, which approximates market, using the first-in/first-out method.

<u>Capital Assets</u> - General capital assets result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements. Capital assets paid for by component units are transferred to the primary government and are also reported in the government-wide statements. Proprietary Fund capital assets are reported in their respective fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated fixed assets are recorded at their fair market values as of the date received. The City maintains a capitalization threshold of \$1,000. Improvements are capitalized; the cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not. Interest incurred during the construction of capital assets is also capitalized.

All reported capital assets are depreciated. Improvements are depreciated over the remaining useful lives of the related assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	Estimated Lives
Buildings & Improvements	50 years
Furniture & Equipment	5 - 20 years
Vehicles	5 years
Infrastructure	20 - 30 years

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has no items that qualify for reporting in this category.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has no items that qualify for reporting in this category.

<u>Compensated Absences (Vacation and Sick Leave)</u> - It is the City's policy to permit employees to accumulate earned but unused sick and vacation pay benefits. Vacation and sick leave are accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignation, retirement, or death.

<u>Interfund Balances</u> - On fund financial statements, receivables and payables resulting from short-term interfund loans are reported as "due to/from other funds." These amounts are eliminated on the government-wide statement of net position.

<u>Long-Term Obligations</u> - In the government-wide financial statements, all payables, accrued liabilities and long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the term of the related debt. In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts are reported as other financing uses. Issuance costs are reported as debt retirement expenditures.

<u>Fund Balance</u> – In accordance with Governmental Account Standards Board (GASB) Statement No. 54, *Fund Balance Reporting and Governmental Fund-type Definitions*, the fund financial statements report the following components of fund balance:

- Nonspendable: Amounts that are not in a spendable form or are legally or contractually required to be maintained intact.
- Restricted: Amounts that are legally restricted by outside parties, constitutional provisions, or enabling legislation for use for a specific purpose.
- Committed: Amounts that have been formally set aside by the City Council for use for specific purposes. Commitments are made and can be rescinded only by a resolution of the City Council.
- Assigned: Amounts that are intended to be spent on specific purposes, as expressed by the City Council or by a committee or individual designated by the City Council.
- Unassigned: Amounts that are available for day-to-day operations.

The City considers restricted funds to be spent first when expenditures are incurred for which both restricted and unrestricted amounts are available.

The City considers that committed amounts would be reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

<u>Interfund Activity</u> - Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

<u>Budgetary Information</u> - The budgetary process is prescribed by provisions of the State of Michigan Budget Act and entails the preparation of budgetary documents within an established timetable. The legal level of budgetary control has been established by the City Council at the function level. Any budgetary modifications may only be made by resolution of the City Council. All annual appropriations lapse at fiscal year end.

The City follows these procedures in establishing the budgets for the individual funds as reflected in the financial statements:

- 1) Prior to June 30, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing on July 1.
- 2) A public hearing is conducted during June to obtain taxpayer comments.
- 3) Prior to June 30, the budget is legally enacted through passage of a resolution.
- 4) For purposes of meeting emergency needs of the City, transfer of appropriations may be made by the authorization of the City Manager. Such transfers appropriations must be approved by the City Council at its next regularly scheduled meeting.
- 5) The City Manager is charged with general supervision of the budget and shall hold the department heads responsible for performance of their responsibilities.
- 6) During the year the budget is monitored, and amendments to the budget resolution are made when deemed necessary.

NOTE 3 - DEPOSITS AND INVESTMENTS

State of Michigan laws authorize the City to invest in bonds, securities and other direct obligations of the United States, or any agency or instrumentality of the United States; United States government or Federal agency obligations; repurchase agreements; bankers' acceptance of United States banks; commercial paper rated by two standard rating agencies within the two highest classifications, which mature not more than 270 days after the date of purchase; obligations of the State of Michigan or its political subdivisions which are rated as investment grade; and mutual funds composed of investment vehicles which are legal for direct investment by local units of government in Michigan. Financial institutions eligible for deposit of public funds must maintain an office in Michigan. The City's investment policy puts no further limits on its investment choices.

NOTE 3 – DEPOSITS AND INVESTMENTS (continued)

Deposits

Following are the components of the City's bank deposits at June 30, 2022:

]	Primary	Co	mponent
	Go	Government		Units
Cash on hand	\$	450	\$	0
Checking and savings accounts		178,900		8,767
	\$	179,350	\$	8,767

Investments

Following are the components of the City's investments at June 30, 2022:

MBIA CLASS Investment Pool	\$ 6,108,195	\$ 2,766,691

The City's deposits and investments are subject to several types of risk, which are examined in more detail as follows:

Interest Rate Risk - In accordance with its investment policy, the City manages its exposure to declines in fair values due to changes in general interest rates by structuring the portfolio to meet cash requirements for ongoing operations, thereby avoiding the need to liquidate securities at a loss prior to maturity.

Credit Risk – The City minimizes credit risk, which is the risk of loss due to the failure of the security issuer or backer, by limiting investments to the safest types of securities, pre-qualifying the financial institutions with which the City will do business, and diversifying the portfolio so that potential losses on individual securities will be minimized. As of June 30, 2022, the City's investment in the MBIA CLASS Investment Pool was rated AAAm by Standard & Poors.

Concentration of credit risk – The City minimizes the risk associated with placing a large portion of the portfolio with a single issuer by diversifying the portfolio so that the impact of potential losses from any one investment will be minimized.

Custodial credit risk — Custodial credit risk for deposits is the risk that in the event of a bank failure, the City's deposits may not be returned to it. At June 30, 2022, the carrying amount of the City's deposits was \$187,667 and the bank balance was \$362,771. Of the balance \$250,000 was covered by federal depository insurance and \$112,771 was uninsured. The City minimizes custodial credit risk by holding all investments in the City's name.

Foreign currency risk – The City is not authorized to invest in investments which have this type of risk.

NOTE 4 - RECEIVABLES

Receivables at June 30, 2022, consist of State revenue sharing, State highway contract revenue, utility and other receivables. All receivables are considered collectible in full due to the ability to lien for the nonpayment of utility bills and the stable condition of State programs.

NOTE 4 – RECEIVABLES (continued)

A summary of the principal items of receivables follows:

Transfers are used to (1) account for overhead services provided by the General Fund to other funds, (2) move resources for the payment of long-term debt, and (3) to provide for future acquisition of capital assets.

NOTE 7 - LONG-TERM DEBT

The City issues bonds to provide for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the government.

North Parking Lot Bonds - During the year 2011-12, the City issued bonds in the amount of \$550,000 for improvements to the parking lot on the north side of the downtown district. The bond payments are to be made from the tax increment revenues of the DDA; however, they are also backed by the full faith and credit of the City.

East Street Bonds – During the year 2007-08, the City issued bonds in the amount of \$700,000 for the reconstruction of East Street between Liberty Street and Adrian Street.

Refunding Bonds - During the year 2005-06, the City completed construction on a new sewage treatment plant, funded partially by a \$4,065,000 loan from the USDA Rural Development Office. In March, 2014, the City issued \$3,485,000 in general obligation bonds to refund the USDA loan.

Water Revenue Bonds – During the year 2018-19, the City issued revenue bonds in the amount of \$2,765,000 for the acquisition, construction, and equipping of improvements to the water supply system.

The following is a summary of changes in long-term debt for the year ended June 30, 2022:

NOTE 8 – COMPONENT UNIT CONTRIBUTIONS

During the year, the City's Local Development Finance Authority (LDFA) and Downtown Development Authority (DDA) contributed the following amounts to support the City's operations:

LDFA:		DDA:	
General Fund		General Fund	
Salaries and wages	\$ 29,126	Salaries and wages	\$ 28,728
Street light electricity	5,304	Parking Lot Maintenance	16,500

		Other	4,090
Water Fund		Debt Service Fund	
Debt service	25,000	Bond payments	58,322
TOTAL	\$ 60,795	TOTAL	\$ 136,321

NOTE 9 - COMPENSATED ABSENCES

Vested or accumulated vacation days and sick leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. The entire compensated absence liability is reported on the government-wide financial statements. Employees of the City can accumulate vacation pay up to a maximum of 16 to 39 days depending on years of service, and employees have a vested right of 100% of allowable accumulated vacation pay upon termination. Accumulated sick time is vested based on years of service and the vested amount is payable upon termination.

NOTE 10 - PROPERTY TAXES

Real estate and personal property taxes are recorded as revenue in amounts equal to the total taxes levied. The total levy for 2021 was 16.388 mills. From this total, 4.6823 was transferred to the Local Streets Fund by vote of the City Council. The 2021 total state taxable value was approximately \$58,503,000 (\$54,655,000 ad valorem and \$3,848,000 industrial facilities tax). City properties are assessed as of December 31 (the lien date) - taxes levied July 1 of the succeeding year and are due without interest to September 15. After the final collection date, unpaid real property taxes are added to the county delinquent tax rolls. Personal property taxes unpaid continue to be collected by the City Treasurer.

NOTE 11 - SEGMENT INFORMATION

The City issues separate revenue bonds to finance its water and sewer departments. The fund financial statements report major funds with revenue - supported debt for the water and sewer funds. Services provided by these funds are described in Note 1.

NOTE 12 - DEFINED CONTRIBUTION PENSION PLAN

The City of Jonesville provides pension benefits for all of its full-time employees through a defined contribution money purchase plan administered by the International City Managers Association Retirement Corporation (ICMA-RC). All full-time employees are eligible to participate in the plan after 6 months of full-time service. Participants are vested incrementally, with full vesting after four years of continuous full-time service. The City is required to contribute 5% of covered payroll. If the employee makes a voluntary contribution of 5%, then the City contributes an additional 2%. Employees hired after January 1, 2010, must contribute at least 5% to be eligible for the 5% employer match.

The activity in the plan for 2021-22 is as follows:

Asset Value - June 30, 2021	\$ 2,571,477
Employer Contributions	37,891
Employee Contributions	40,128
Investment Gain (Loss)	(364,779)
Distributions	(12,162)
Asset Value - June 30, 2022	\$ 2,272,555

NOTE 13 - RISK MANAGEMENT

The City is exposed to various risks of loss related to property loss, torts, errors and omissions, employee injuries, as well as medical benefits provided to employees. The City has purchased commercial insurance for each of these areas of risk and there have been no significant reduction in insurance coverages. Settled claims have not exceeded the amount of insurance coverage for the current or the three prior years.

NOTE 14 - UNEMPLOYMENT TAXES

The City is a reimbursing employer to the Michigan Unemployment Insurance Agency and, as such, is responsible to pay the Agency for those benefits paid and charged to its account. As of June 30, appropriate liabilities have been recorded for all claims paid by the Agency. However, no provision has been made for future payments that might result from claims in process or not filed.

NOTE 15 – FUND BALANCE CONSTRAINTS

Fund balances have been constrained for the following purposes:

	G	eneral	Major	Local		State
		Fund	 Streets	Streets	H	ighway
Nonspendable:			 			
Inventory	\$	4,193	\$ 0	\$ 0	\$	0
Prepaid Expenditures		9,130	0	0		0
Restricted:						
Streets		0	605,362	674,754		16,228

NOTE 16 – TAX ABATEMENTS

Governmental Accounting Standards Board (GASB) Statement No. 77, *Tax Abatement Disclosures*, requires the disclosure of tax abatement information about (1) a reporting government's own tax abatement agreements and (2) those that are entered into by other governments and that reduce the reporting government's tax revenue. Disclosure of information about the nature and magnitude of tax abatements is intended to make these transactions more transparent to financial statement users.

The City receives reduced property tax revenues as a result of Industrial Facilities Tax exemptions they have granted. Industrial facility exemptions are intended to promote construction of new industrial facilities, or to rehabilitate historical facilities. The property taxes abated for all funds under this program totaled \$31,872.

NOTE 17 – SUBSEQUENT EVENTS

Management has evaluated subsequent events through November 9, 2022, the date on which the financial statements were available to be issued.

NOTE 18 - CHANGE IN ACCOUNTING PRINCIPLE

For the year ended June 30, 2022, the City implemented the following new pronouncement: Governmental Accounting Standards Board (GASB) Statement No. 87, *Leases*. GASB Statement No. 87 was issued in June 2017, and the objective of this Statement is to increase the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources and outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use the underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about the governments' leasing activities. There was no material impact on the City's financial statements after the adoption of GASB Statement No. 87.

NOTE 19 – GLOBAL PANDEMIC

The COVID-19 pandemic continued in 2021-22, with a significant number of infections, both locally and worldwide. The extent of the impact on the City's operational and financial performance will depend on the duration and spread of the outbreak, the impact on the state economy, taxpayer, employees, and vendors, all of which are uncertain and cannot be predicted.

NOTE 20 – UPCOMING ACCOUNTING PRONOUNCEMENTS

In May 2020, the GASB issued Statement No. 96, Subscription-based Information Technology Arrangements. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset - an intangible asset - and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, Leases, as amended. The City is currently evaluating the impact this standard will have on the financial statements when adopted during the 2022-2023 fiscal year.

In June 2022, the GASB issued Statement No. 100, Accounting Changes and Error Corrections - an amendment of GASB Statement No. 62. This Statement prescribes the accounting and financial reporting for (1) each type of accounting change and (2) error corrections. This Statement requires that (a) changes in accounting principles and error corrections be reported retroactively by restating prior period, (b) changes to or within the financial reporting entity be reported by adjusting beginning balances of the current period, and (c) changes in accounting estimates be reported prospectively by recognizing the change in the current period. The City is currently evaluating the impact this standard will have on the financial statements when adopted during the 2023-2024 fiscal year.

In June 2022, the GASB issued Statement No. 101, Compensated Absences. This Statement requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used by not yet paid in cash or settled through noncash means. A liability should be recognized for leave that has not been used if (a) the leave is attributable to services already rendered, (b) the leave accumulates, and (c) the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means. This Statement also establishes guidance for measuring a liability for leave that has not been used, generally using an employee's pay rate as of the date of the financial statements. The City is currently evaluating the impact this standard will have on the financial statements when adopted during the 2024-2025 fiscal year.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the City Council City of Jonesville Jonesville, Michigan

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Jonesville as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the City of Jonesville's basic financial statements and have issued our report thereon dated November 9, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Jonesville's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Jonesville's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Jonesville's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency*, is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Jonesville's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Apparatus Specific Terms & Conditions

Contingency

The Guaranteed Maximum Price includes a build contingency (Contingency). Subject to the terms of the Contract Documents, PME shall be entitled to allocate from and apply against the Contingency Costs of the Work for the following, and no other, purposes relating to the Work: (a) implementation of any Recovery Plan, (b) cost overruns, (c) Minor Changes in the Work, (d) warranty costs prior to Final Completion, (e) those circumstances where the actual cost of an item exceeds the amount allocated to such item in the Guaranteed Maximum Price, (f) any purpose expressly authorized in this Agreement, and (g) concealed conditions; provided, however, that PME may not apply, use or allocate from the Contingency any amounts for any of the foregoing purposes that are the result of, relate to or arise from any material breach or material failure to perform by, PME, any Subcontractor or Vendor (except as necessary to replace any Subcontractor or Vendor because of the bankruptcy or failure to perform of such Subcontractor or Vendor), or any party for which any of them are liable or responsible at law or under the Contract Documents or for any Non-Allowable Costs of the Work. Each allocation of the Contingency by PME shall be reflected (with a narrative explanation) on the respective Invoice for the period during which PME makes such allocation and application. Customer shall receive all of the Contingency remaining unallocated at Final Completion.

NFPA Conformance

The apparatus shall be manufactured in accordance with all applicable NFPA standards and revisions at the time of contract. The apparatus shall conform to all known such standards as of the date of acceptance. Compliance to new revisions, or future standards is expressly excluded. Applicability of revisions or new standards shall be evaluated at time of release and Customer shall be notified and will have the opportunity to review costs prior to work being performed by PME.

Cancellation

In the event of cancellation by Customer, PME shall be entitled to a breakage fee of 25% of the contract price for orders not yet begun in production. For orders in which production has begun, PME shall be entitled to the full contract price less the amount of expenses saved by Customer by reason of the cancellation.

Delivery

Delivery shall be completed by a Factory Acceptance Test (FAT) by Customer at PME facility in Grand Ledge, MI. All discrepancies, errors, or the like shall be noted during the FAT. Customer is permitted to waive their right for the FAT, but shall be subject to a transportation fee if errors or corrections are needed after delivery.

Payment

All payments and schedules will be in accordance with contract documents. The apparatus will not be released to Customer until PME has received payment in full and proof of insurance has been provided.

Arbitration

Any controversy or dispute arising among the parties under this agreement shall be resolved by arbitration conducted in the State of Michigan in accordance with the rules of the American Arbitration Association, and judgment on the award rendered by the arbitrators may be entered in any court having jurisdiction.

Agreement

This document shall constitute a proposal of services offered by PME to Customer. The legal contract document(s) that represents a sale shall be a separate document, signed by both parties upon award of the project.

Governing Law

This proposal is made and shall be interpreted, construed, governed and enforced with respect to any matter or dispute arising out of the purchase order in accordance with the laws of the State of Michigan.

Limited Liability

It is understood and agreed that PME shall not be liable for any defect in any equipment or parts installed onto the apparatus not directly attributed to the negligence of PME.

Terms & Conditions

DEFINITIONS: Where the context permits, the following words shall have the meanings indicated.

"Fabrication" means fabrication, assembly, alteration, repair, replacement, or correction of Equipment, or a part thereof, or assistance with respect thereto.

"Fabricator" means the person(s) authorized by Pro-MEC Engineering Services, Inc. to furnish fabrications hereunder.

"Customer" means the person, partnership, company, or corporation purchasing Field Service hereunder.

The following policies apply to all field service which Pro-MEC Engineering Services, Inc. (Pro-MEC), its affiliates, whether by direct employees or contracts to an independent third party and the service is performed by visitation to the customer's facility. The customer understands that policies set below shall be controlling, service will be provided under these policies only.

PRICE AND PAYMENT TERMS

- Unless otherwise specified or agreed, charges for the Services performed by Fabricator(s) are as set forth in the current Pro-MEC Standard Service Price list attached hereto as Attachment B and/or prepared proposal. Pro-MEC shall have the right to change the prices from time to time without notice to Customer.
- Price is based on normal working hours. In case that second or third shift work is required to complete the scope of work, additional cost will be incurred at premium labor rates.
- All change orders will be in writing and signed by both the Shop Fabrication Manager and the customer, and shall be
 incorporated in, and become part of the contract and shall take place before any additional scope of work is performed.
- Projects where the work scope is more than 30 days, progressive terms will apply.
- For contract amounts under \$10,000 payment terms are Net30 upon completion.
- For contract amounts larger than \$10,000 payment terms are 30% upon receipt of Purchase Order, 40% billed upon project milestones, and remainder of contract Net30.
- All proposed prices are good for 30 days from date of proposal.
- All submitted Purchase Orders will have a 10% cancellation fee payable by the Customer to Pro-MEC Engineering Services, Inc.
- If payment is late, Customer is subject to a late charge of (18%) of the unpaid fees per annum (1.5% per month) or the maximum allowable by law.
- In the event the Customer fails to pay periodic or installment payment due, Fabricator may cease work without penalty or breach of contract pending payment or resolution of dispute.
- All collection and enforcement costs, for late payment, including attorney's fees, shall be borne by Customer.

Scheduling and Reports

- All fabrication work requires minimum (2) two weeks for scheduling upon receipt of hard copy purchase order.
- Any job requiring scheduling in less time will acquire additional charges.
- Shop Fabrication Manager may only be requested in writing by the Customer to make changes to the general scope of the
 Service consisting of additions, deletions, changes to the Schedule in duration or sequence, or other revisions, and the contract
 price and the Schedule shall be adjusted accordingly.
- Before starting the revised scope, the Shop Fabrication Manager will submit to the Customer a change order for adjustment to
 the contract price and/or the schedule. Fabricator will not commence any such changed or revised service until receipt of a
 written change order from the Customer incorporating an adjustment to the contract price and/or schedule in accordance with
 the above
- Pro-MEC's Services shall be considered complete when Shop Fabrication Manager notifies Customer that the scope has been
 completed in accordance with the specifications. The Customer's inspection of the equipment shall take place within twentyfour (48) hours from receipt of notice from Shop Fabrication Manager. Customer's acknowledgement on the Work Completion
 Form shall constitute acceptance of the services rendered.
- All written reports will be completed within three to four weeks after completion of onsite work.

Storage and Facilities

• Customer will provide at its expense sufficient storage space to Field Service Representative, which is fully protective of materials and equipment furnished for the Field Service at the place of work performed.

- Customer will provide at its expense all light, heat, power and water which is required by Field Service Representative for performance of the Field Service in the custom and practice of Field Service Representative's trade.
- Field Service Representative shall be responsible for protecting the Field Service, or portions thereof, during the time the Field Service or portions of it are under its control; provided, however, that during such time, Field Service Representative shall not be responsible for loss or damage caused by others, nor for any damages whatsoever while Field Service Representative is not on site.
- The Customer shall prepare all Field Service areas so as to be acceptable for mobilization by Field Service Representative. Field Service Representative will not be called upon to start Field Service until sufficient areas are ready to ensure continued Field Service until job completion. Field Service Representative shall not be responsible for damage to any property (a) which is to be replaced by Customer, or (b) which is damaged as a result of removal by Field Service Representative prior to performance of the Field Service in order to perform Field Service despite Field Service Representative exercising reasonable care to prevent damage.

LABOR PERMITS, TAXES, CERTIFICATIONS

- The Customer shall, at his own expense, secure any work permit, labor permit, tax exemption certificate, or any other authorization which may be required to permit Pro-MEC Engineering Services, Inc. to perform the requested Services.
- If special certification, pre-qualification or other examinations are obtained at the Customer's request, the cost incurred shall be the responsibility of the Customer.
- Any loss of Fabrication services pending the procurement of any such permit, authorization, certification or examination shall be the responsibility of the Customer.

DELAYS, SUSPENSION, DEFERMENT

- If Services are suspended or if Fabrication Services suffers delay in performance due to any cause beyond its reasonable control, including but not limited to acts of God, act or failure to act of government, act or omission of Customer, war, fire, flood, strike, or labor trouble, sabotage, or delay in obtaining from others suitable services, materials, components, equipment or transportation; the time of performance shall be extended a period of time equal to the period of time of the delay and its consequences.
- Shop Fabrication Manager will give to Customer notice in writing within a reasonable time after Fabricator becomes aware of
 any such delay. If the Services are suspended because of such delay, Pro-MEC Engineering Services, Inc. may temporarily delay
 the fabrication work and/or its subcontractor's and return them to the job when available. Rates current at the time the
 Services are resumed and any additional costs (including travel time and expense) incurred by fabricator because of the
 foregoing will be charged to the Customer.
- If for any reason the Customer defers start of Services, the Customer will give Shop Fabrication Manager written notice immediately. It is understood that Fabricator may not be able to furnish the service or its subcontractor at the precise date the work is rescheduled to start, but it will make every reasonable effort to do so. The Customer shall, at his own expense, incur the extra cost to keep the service on the adjusted schedule.

PROPRIATARY INFORMATION

- All sketches, drawings, performance calculations, and other design criteria submitted with this proposal and/or engineering submittals are the propriety property of Pro-MEC Engineering Services, Inc. City, Village, and Township Revenue Sharing and County Incentive Program Certification

Issued under authority of 2022 Public Act 166. Filing is mandatory to qualify for payments.

Each city/village/township/county applying for City, Village, and Township Revenue Sharing or County Incentive Program payments must:

- 1. Certify to the Michigan Department of Treasury (Treasury) that the local unit listed below has produced and made available to the public a Citizen's Guide, a Performance Dashboard, a Debt Service Report, and a Projected Budget Report as required by 2022 Public Act 166. The local unit must include in any mailing of general information to its citizens, the Internet website address or the physical location where all the documents are available for public viewing in the clerk's office.
- 2. Submit to Treasury a Citizen's Guide, a Performance Dashboard, a Debt Service Report, and a Projected Budget Report.

This certification, along with a Citizen's Guide, a Performance Dashboard, a Debt Service Report, and a Projected Budget Report, **must be received by December 1, 2022,** (or the first day of a payment month) in order to qualify for that month's payment. Postmark dates will not be considered. For questions, call 517-335-7484.

Local Unit Name	not be considered. For questions, call 517-3	330- <i>1</i> 404.

Municipal Dashboard and **CVTRS** Information

For Fiscal Year 2023, the Michigan Legislature is continuing the City, Village, and Township Revenue Sharing (CVTRS) program (a simplified version of the Economic Vitality Incentive Program (EVIP)). These programs replace the statutory revenue sharing program for eligible cities, villages and townships. To qualify for the CVTRS payments, eligible local units must certify and submit to the Department of Treasury by December 1, 2022 that the following have been made available to the public: 1) a citizen's guide to our most recent local finances; 2) a performance dashboard; 3) a debt service report; and 4) a projected budget report of revenues and expenditures comparing the current fiscal year with next fiscal year. This information is included for public review below.

JONESVILLE CITY COUNCIL Minutes of October 19, 2022

A meeting of the Jonesville City Council was held on Wednesday, October 19, 2022 at the Jonesville City hall, 265 E. Chicago Street, Jonesville, MI. Mayor Gerry Arno called the meeting to order at 6:30 p.m. Council members present were: Tim Bowman, Jerry Drake, George Humphries Jr., Delesha Padula and Andy Penrose. Absent: Brenda Guyse.

Also present: Manager Gray, Treasurer Spahr, WWTP Supt. Boyle, Safety Director Etter, Attorney Lovinger, DPW Supt. Kyser, Christine Bowman, Suzanne Vargas, Bonnie Drake, Janet Herman, Barb Arlt, Lisa Adair, Chris Grider, Vicky Arno, Dana Kyser, Carol Champion, Bob Snow and Dave Betz.

The City Council celebrated a brief Ribbon Cutting and Grand Re-Opening Ceremony for City Hall. City Hall reopened on October 12, 2022.

Councilman Jerry Drake led the Pledge of Allegiance and moment of silence.

A motion was made by Jerry Drake and supported by Delesha Padula to amend the agenda with the following addition: 6.G. Resolution 2022-12 – Maumee Street Construction Contract. All in favor. Absent: Brenda Guyse. Motion carried.

Bonnie Drake, Christine Bowman and Bob Snow spoke on behalf of Jerry Drake, his retirement from Council and recognizing his years of service to the community.

Mayor Gerry Arno presented to Councilman Jerry Drake a Proclamation to commemorate his 31 years of service to the people of Jonesville.

A motion was made by Andy Penrose and supported by Tim Bowman to adopt Resolution 2022-10 – Re-Opening of City Hall. The resolution is related to the ribbon cutting ceremony to commemorate the re-opening of City Hall to the public following the storm damage in August of 2021. Roll Call Vote: Ayes: Tim Bowman, Jerry Drake, George Humphries Jr., Delesha Padula, Andy Penrose and Gerry Arno. Nays: None. Absent: Brenda Guyse. Motion carried.

Jerry Drake made a motion and was supported by George Humphries Jr. to approve Resolution 2022-11 – Transportation Alternatives Program Grant Application. The Michigan Department of Transportation (MDOT) requires a resolution to support the grant application and commit to local match dollars to the project. Sufficient funds have been budgeted in the current fiscal year, with a substantial portion of the match likely to come from DDA bonds, following final payment of debt on the North Parking Lot improvements. Roll Call Vote: Ayes: Tim Bowman, Jerry Drake, George Humphries Jr., Delesha Padula, Andy Penrose and Gerry Arno. Nays: None. Absent: Brenda Guyse. Motion carried.

A motion was made by Tim Bowman and supported by George Humphries Jr. to schedule a Public Hearing for the November 16, 2022 City Council meeting for the purpose of an increase in Council compensation. Pursuant to Section 3.5 of the City Charter, changes to Council compensation require adoption of an ordinance. All in favor. Absent: Brenda Guyse. Motion carried.

Jerry Drake made a motion and was supported by Delesha Padula to authorize payment to Pavement Solutions, Inc. in the amount of \$25,981.80 for crack sealing several City streets in late summer. All in favor. Absent: Brenda Guyse. Motion carried.

A motion was made by Delesha Padula and supported by Jerry Drake to approve the continued membership in Region 2 Planning Commission (R2PC) and payment of the fiscal year 2022 dues in the amount of \$587.52, based on the 2020 Census population. All in favor. Absent: Brenda Guyse. Motion carried.

Tim Bowman made a motion and was supported by Andy Penrose to cast a vote for the proposed candidates for election to the MML Liability and Property Pool Board of Directors. All in favor. Absent: Brenda Guyse. Motion carried.

A motion was made by Jerry Drake and supported by Tim Bowman to adopt Resolution 2022-12 – Maumee Street Construction Contract authorizing the City Manager to execute an addendum to the contract with MDOT and other documents necessary to proceed with the Maumee Street Project. Roll Call Vote: Ayes: Tim Bowman, Jerry Drake, George Humphries Jr., Delesha Padula, Andy Penrose and Gerry Arno. Nays: None. Absent: Brenda Guyse. Motion carried.

A motion was made by Delesha Padula supported by Brenda Guyse to approve the minutes of September 21, 2022. All in favor. Absent: Brenda Guyse. Motion carried.

Tim Bowman made a motion and was supported by George Humphries Jr. to approve the minutes of the Special Meeting on September 7, 2022. All in favor. Motion carried.

Andy Penrose made a motion and was supported by Delesha Padula to approve the Accounts Payable for October 2022 in the amount of \$58,415.42. All in favor. Absent: Brenda Guyse. Motion carried.

A motion was made by George Humphries Jr. and supported by Andy Penrose to receive and place on file the Board and Commission minutes consisting of Downtown Development Authority (DDA). All in favor. Absent: Brenda Motion carried.

Updates were given by Department Heads, Manager Gray and Council.

At 7:14 p.m. a motion was made by Delesha Padula and supported by Andy Penrose to move into closed session in accordance with the Michigan Open Meetings Act Section 8a, to consider the evaluation of Manager Gray, per his request. Roll Call Vote: Ayes: Tim Bowman, Jerry Drake, George Humphries Jr., Delesha Padula, Andy Penrose and Gerry Arno. Nays: None. Absent: Brenda Guyse. Motion carried.

The meeting returned to open session at 7:38 p.m.

The Personnel committee recommended recognizing Manager Gray with "Outstanding Performance", and recommended the following retroactive to July 1, 2022:

• Increase the annual base salary from \$86,851 to \$92,588, reflective of the cost of living and step increase provided to other full-time employees.

Andy Penrose made a motion and was supported by Jerry Drake to approve the above recommendation of the Personnel Committee. All in favor. Absent: Brenda Guyse. Motion carried.

Mayor Arno adjourned the meeting at 7:45	p.m.

OPERATION & MAINTENANCE

The plant was in compliance with the NPDES permit limitations during the month of October 2022.

The Wastewater Plant Laboratory processed 145 Bacteria tests, 28 Nitrate tests and 15 Nitrite tests in July. The annual totals through October 2022 are as follows:

- Total Coliform Bacteria----1017
- Nitrates-----263
- Nitrites-----143

The 2022 Biosolids Report and the 2022 Discharge Monitoring Report were prepared and submitted to Michigan Department of Environment, Great Lakes, & Energy.

The lab is currently analyzing lagoon samples for seasonal discharges for the communities of Camden, Litchfield, Lk. Diane, Merry Lk., North Adams, Quincy and Reading.

The generator at the water plant had a recall notice for a circuit breaker. A service tech was contacted. After inspection the affected part did not pertain to our unit.

5-Day Biochemical Oxygen Demand

NPDES Permit 30 Day Average Limit is 4 mg/l

NPDES Permit Daily Maximum is 10 mg/l

The BOD-5 test tells us how much of the oxygen in the water is being used up or demanded by the waste in the water. High oxygen demand will deplete the oxygen in the receiving water. This will have adverse effects on the quality of life (fish) in the Receiving stream.

Jonesville Monthly Average—2.5 mg/l Average Percent Removal from the Raw Wastewater—98.8 % Daily Maximum—5 mg/l

Total Suspended Solids

NPDES Permit Limit is 20 mg/l

Suspended solids are very important in controlling the process in the plant. Suspended solids are removed via settling clarifiers and are pumped to the anaerobic digester for treatment. The digested biosolids are applied to farmland at agronomic rates as fertilizer.

Jonesville Monthly Average—2.0 mg/l

Average Percent Removal from the Raw Wastewater—98.7%

Total Phosphorus

NPDES Permit Limit 1 mg/l Year Round

Phosphorus is a nutrient that promotes growth. In fact, farmers use phosphorus as a fertilizer on crop lands. Phosphorus is found in many cleaning agents and industrial processes. Excessive phosphorus in wastewater promotes the excessive growth of micro and macro-organisms in the receiving stream. In other words, phosphorus promotes excessive growth of algae and seaweed. These plants demand oxygen from the water and tend to decrease the quality of life in the receiving stream.

Jonesville Monthly Average—0.60 mg/l

Average Percent Removal from the Raw Wastewater—88.2%

Ammonia Nitrogen

Monthly Average Limit is 0.5 mg/l Daily Maximum Limit is 2 mg/l

Ammonia Nitrogen is the result of bacterial decomposition of organic nitrogen. Examples Of organic nitrogen include animal and plant protein, amino acids and urea from urine. Ammonia nitrogen is a very unstable form of nitrogen. In wastewater plants ammonia nitrogen is oxidized to form nitrite nitrogen. Further oxidation of nitrite nitrogen will form the stable compound called nitrate nitrogen. This process is called nitrification and occurs in the trickling filter towers. If nitrification does not occur in the treatment plant, it will occur in the receiving stream once again depriving oxygen from the aquatic population. Because of the sensitive nature of the microorganisms involved in the nitrification process, the ammonia nitrogen limits are about the hardest to hit.

Jonesville Monthly Average—0.941 mg/l Average Percent Removal from the Raw Wastewater—96.5%

Jonesville Daily Maximum—2.38 mg/l

City of Jonesville 265 E Chicago Street Jonesville, MI 49250

Dear Mayor, Councilmen, and Councilwomen,

We are writing to ask that the city of Jonesville change the current zoning ordinance regarding the keeping of animals to allow for people to keep chickens within the city limits. In the last few years life has changed in many ways. One thing that seems really different is that sometimes at the grocery store certain items are not there. Our family hopes that the city of Jonesville will allow its residents within the city limits to take measures to take care of themselves by producing their own food through owning chickens.

There are several reasons why we are asking for this change of ordinance not only for ourselves but for everyone in the city. The benefits of chicken ownership are many. Most importantly, chickens provide a healthy food source. Not only are eggs healthy but hens lay eggs all year, so it is also a consistent food source, even though they slow down their laying in the cold months. In addition, owning chickens provides educational opportunities in biology, economics, responsibility, and animal care. Chickens also serve as bug control in the yard and enrich the soil with fertilizer for a more productive garden.

There are many reasons why chickens work well in a neighborhood.

- 1. They are not aggressive to people and can be quite friendly and entertaining.
- 2. If you do not have a rooster, they do not make much noise.
- 3. They do not require much space. According to the Generally Accepted Agricultural Management Practices (GAAMPS) the recommendation is that each laying hen have 1 square foot of space. So the total space required to house a flock of chickens is roughly the size of a dog house.

Cities have created requirements for chicken ownership that help address concerns of neighbors. Attached is a comparison chart among cities that allow chicken ownership in and around Lansing, MI. This is a copy of a document that was created in Delta Township (Eaton County) when they were exploring the addition of a chicken ordinance, which was passed in 2017. ATTACHMENT A

People make many arguments against backyard chicken flocks. ATTACHMENT B lists some of those. We have researched answers to those questions.

Last, ATTACHMENT C begins with the city of Jonesville's current ordinance (Section 2:31) that talks about chickens. We ask that you take chickens off the list of "what customarypets shall not include" and allow a separate rule for chickens. Other examples of how cities have done that are listed below Section 2:31.

It is our hope that the City will consider our request to change the city zoning ordinance.

Thank you for your time.

Sincerely,

Cloabelle Authinson

Attachment B

-Concern: Chickens produce too much waste and they are smelly.

Response: Chickens themselves do not smell. Odors come from ill kept coops. In the same way that other animals cause odors if they are not properly cared for. One 40-pound dog produces more waste in a week than 10 chickens (backyardchickencoops.com). While chicken manure can be converted easily into fertilizer to help your garden grow, you cannot do the same with dog and cat waste. In the city of Jonesville, you can have 4 dogs of any size and breed and so there is clearly some allowance for animal waste already in place.

-Concern: If chicken feed is improperly stored it may result in a rodent problem.

Response: A city can require that individuals buy the proper storage containers to prevent rodents.

-Concern: Chickens are too loud for a neighborhood.

Response: All city ordinances we have looked at that allow for chickens restrict people from owning roosters. Hens are quiet and pleasant.

-Concern: There is much agriculturally zoned land just outside the city limits of Jonesville. This should provide ample area for people to raise chickens and other animals if they would like.

Response: The cost of moving for the purpose of raising chickens is too much.

-Concern: Backyard chickens will spread the bird flu.

Response: First, bird flu doesn't really spread to people so it isn't a concern about Harming people around us. Most of the problems with bird flu are in large commercial farms.

Attachment C

Traverse City, MI

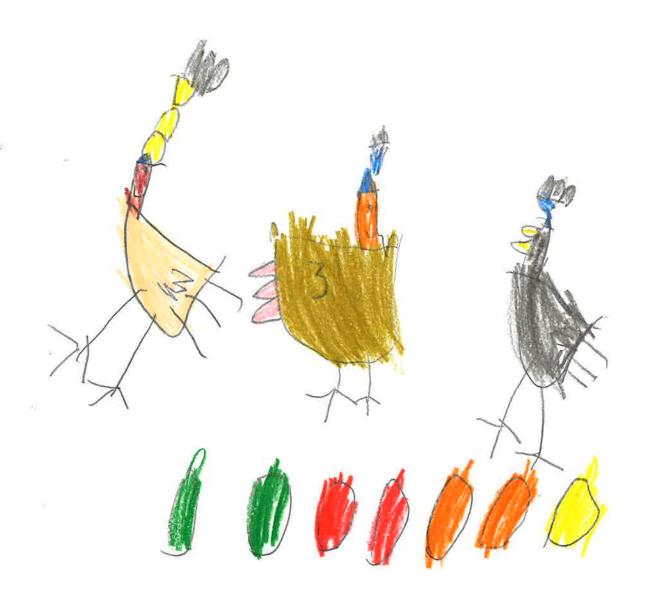

- (3) Chickens may be kept according to the following conditions:
 - a. A maximum of four hens may be kept per parcel. Roosters are prohibited.
 - b. Slaughtering chickens outdoors is prohibited.
 - c. Chickens shall be provided, and remain within, a fully enclosed shelter with an optional covered fenced enclosure in the rear yard.
 - d. Enclosures shall be located at least 25 feet from any dwelling on a neighboring parcel.
 - e. No chicken shall be kept on parcels with more than one dwelling.

Grand Rapids, MI

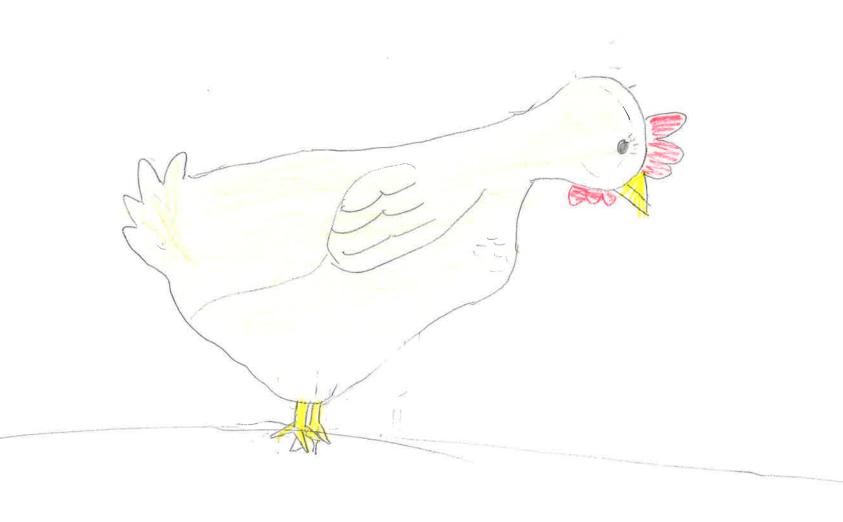

- Sec. 9.219. Chickens.
- (1) Chickens may be kept in the City with a valid Chicken Permit subject to the following conditions:
- (2) Chickens may only be kept on a lot containing a single-family or two-family dwelling. No person shall allow chickens to be kept on a lot containing a multi-family dwelling.
- (3) Chickens may only be kept on a lot which is at least 3,800 square feet in size.
- (4) Chickens may only be kept by an occupant of a dwelling unit located on the real property on which the chickens are kept.
- (5) Chickens must be kept in and confined in a properly designed and constructed coop or chicken house, or a fenced and covered enclosure, which may be located only in the "rear yard" of the property, as that term is defined in Chapter 61 of this Code, known as the Zoning Ordinance. The Planning Director may permit an alternate placement where a rear yard does not exist due to existing building placement or for properties that do not have a rear yard, providing that there are no detrimental effects on adjacent properties.
- (6) Each fenced and covered enclosure shall be designed with adequate yard space for each chicken, and the coop or chicken house and the fenced and covered enclosure combined shall not cover more than 50% of the rear yard. Enclosures must be clean and resistant to predators and rodents.
- (7) Each fenced and covered enclosure shall be located at least ten (10) feet from any lot line.
- (8) No person shall keep or allow to be kept more than four (4) chickens on a lot which is less than 5,000 square feet in size.

- (9) No person shall keep or allow to be kept more than six (6) chickens on a lot which is 5,000 square feet or greater in size.
- (10) Chicken feed must be in rodent resistant and weather proof containers.
- (11) Chickens may not be butchered, slaughtered, or otherwise killed, for any reason or any purpose, on any real property on which chickens may be kept pursuant to this ordinance.
- (12) The person keeping the chickens shall abide by all health and safety standards of the City's Property Maintenance Code.
- (13) Roosters are expressly prohibited, regardless of the age or maturity of the bird.

TO: The City of Jonesville, planning committee & City Council.

FROM: The seller, Jackie Mosley,

RE: parcel number 30 210 043 000 070 4 6 3

Listed with CB* Grove Real Estate, Becki Jaeger agent for Mosley.

November 7, 2022

This is about the 50 acres +/- (see map provided in red is the parcel). As you can see starts at US 12 Chicago Street. The St Joe River throughout the entire parcel, all the way to Mill Pond. Your walking path runs next to this property from the old train tracks & your parcel already owned.

1) There is an egress, an ingress that was written on a land contract, which was not recorded, which we are working on to get this corrected.

2) You (City of Jonesville) already had a parcel that butts up to this property.

 Do to the many street name changes that have occurred over the years, the deed needs to be updated as recommended by Public Title Co. They already have forwarded to Lisa in Mapping.

The last time it was surveyed was by Ringenberg Surveyor's, by Mr Ringenberg himself. Which was a while back.

The proposal is just for the City of Jonesville is to have you purchase it at 50% of the listed price of \$99,999.00 then Mr. Mosley would donate the other 50% to the city. There are many potential uses by the City: Using it as a green space, setting up rest areas for the pathway, picnic benches, or even in primitive campgrounds. What ever the city would find suitable for the people of the community or the city.

This would be open for consideration until November 30, 2022, or until a written offer is received. Which ever comes first.
