Re: Manager Report and Recommendations – May 12, 2020 DDA Meeting

6. A. Resolution 2020-09 – Rules for Participation in Remote Meetings [Information]

Due to the Coronavirus (COVID-19) pandemic, Governor Whitmer has passed an Executive Order allowing meetings of public bodies to be conducted remotely by via telephone and/or electronic means. The City Council adopted Resolution 2020-09, which provides rules that all City boards may conduct such meetings. Participation in the May DDA meeting will be remotely, by electronic means only, so these rules will govern the meeting; no action is required by the DDA. The Resolution refers to Executive Order 2020-15; when that Order expired it was extended by the Governor's Executive Order 2020-48. *Please refer to Resolution 2020-09*.

6. B. Fiscal Year 2020-21 Budget

[Action]

The appointed budget committee of Chair Don Toffolo, Don Germann, and Joe Ruden, along with Mayor Gerry Arno and I met and prepared the enclosed recommendations for the 2020-21 fiscal year budget that begins on July 1st. The top priorities are engineering designs for the Chicago Street streetscape and the South Parking Lot. The committee is interested in exploring the feasibility of proceeding with design, bonding and construction in the near future to take advantage of the low interest rates for financing. Staff is working with the City's engineer and financial advisor to develop a plan and recommendation. It is possible that special meetings will be needed if this work is determined possible in the near term.

Other current and anticipated future capital expenditures are provided, along with a copy of the fund balance sheet for the end of the current fiscal year. A motion to recommend City Council approve the proposed FY 2020-21 budget, as recommended by the budget committee or with amendments, will be necessary. Please refer to the enclosed copy of the draft budget, capital projects sheets, and the projected fund balance.

6. C. Project Updates

[Information]

This item is reserved to address status updates on a number of projects, as identified on the agenda and any others that members may have questions about. Email correspondence from the last two months regarding the MDOT traffic signal project is attached for reference.

Project Description and Location

The Downtown Development Authority supports certain capital projects that enhance the Downtown and encourage private economic investment. The following is a list of projects that are anticipated over the next several years.

FY 2020-21 - \$22,000 – Engineering for US-12/Chicago Street streetscape improvements (\$9,500) and South Parking Lot improvements

FY 2021-22 - \$490,000 – US-12/Chicago Street streetscape construction (\$350,000) and South Parking Lot (\$140,000)

FY 2022-23 - \$25,000 – Downtown wayfinding signs; may be executed with the streetscape projects

FY 2023-24 – TBD – Design of M-99/Olds St. streetscape enhancements (timing subject to MDOT plans for M-99 and availability of grant funds)

FY 2024-25 - TBD - North Parking Lot surfacing

Project Need and Impact

These projects are intended to promote private investment and improved property values in the Downtown district. The project list will be reviewed on an annual basis and update as needs change and conditions warrant.

Related Costs and Future Funding Needs

The streetscape improvements will have ongoing maintenance and upkeep costs. These costs are typically budgeted in the DDA annual operating budget. The DDA is exploring feasibility of refinancing existing debt and pursuing Chicago Streetscape and South Parking Lot improvements while financing interest rates are low. This project may be pursued in FY 2020-21, if deemed feasible.

Jeff:

Thanks for checking in, no significant update, there are still delays on the second mast arms and the delivery thereof. I received pictures of the sidewalk areas to be addressed in the interim. The contractor and I are working together however, there crews are smaller, material delivery and the shut down has made things difficult to get a good jump on things this spring. We are prepared once things break free and I will keep you informed once I found out something more substantial.

Thanks you, be safe.

Jeff,

Thanks for looking into this. J.Ranck already had a plan in place to complete the other signal locations on this project this spring. I've looped in Joe VanPoppel our construction engineer on this project. He can work with you guys directly and figure out the best solution for the planting areas until they are completed in late summer.

I'll also have Joe look into the items below that may have been damaged with our project.

Thanks.

Kelby,

Following up on our call last week. I talked to Mike Kyser and he agrees with the approach MDOT prefers and we discussed for the installation of new poles at the two affected locations. As we discussed, it would be helpful if the planting areas at the intersections that will not be completed this spring could have the vegetation removed, weed fabric installed and red mulch placed so that they don't become unsightly while we are waiting for the project to finish.

As we discussed, I understand that the other intersections will move forward while we are waiting for delivery of the new poles.

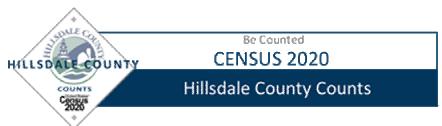

Mike reminded me that there are a few project issues to note, including damage that has taken place during the project to the curbs on the northeast corner of US-12 and M-99/Evans Street and the southwest corner of US-12 and West Street. We also did not put water to our irrigation system last year, due to the project and are concerned that it may have sustained damage during the underground work.

I hope that this provides the information that you requested. If not, or if you have any questions, do not hesitate to contact me. I am working partially from home, so the best number to reach me is my cell: 517-212-0578.

Jeff,

FYI, at the US-12 at Evans/Maumee intersection the contractor made an error on the bolt pattern for two of the mast arm foundations. The foundations were poured with a 26" bolt circle pattern (should have been 24").

Our structures division is reviewing possible solutions. This will delay the installation of the mast arms at this location. The contractor will be paying for the corrective action.

Sorry for the delay and contact me with any questions. Thanks.

Kami,

Thanks for your email and concerns. US-12 and M-99 are both under the jurisdiction of the Michigan Department of Transportation (MDOT). They made the decision to install the new signals. By copy, I am forwarding your concerns to Kelby Wallace. Kelby is the Manager at MDOT's Jackson Transportation Service Center that services this part of the state. Kelby can also be reached by phone at (517) 780-7540.

MDOT has developed brochures and videos to help explain this new signal configuration, which is going to be used more and more around the country. You will find the info at www.michigan.gov/flashingyellowarrow. The City will post links to this information on our Facebook page and website to help provide information about how to approach the intersection. The configuration can be confusing even if you can perceive the colors.

Please reach out to Kelby directly with your concerns or other questions that you have about the project.

Good evening,

I just want to address a concern with the new lights. My husband and I were headed into town the other night. He is color blind and unable to tell whether the lights are red or yellow. The positioning is his only clue but when it's flashing on a 4 position light he can't tell. My brother in law and their cousins also have the same issue. I'm not sure of the solution but it could cause an accident.

Thanks Kami
