[Information Item]

To: Jonesville Planning Commission
From: Jeffrey M. Gray, City Manager 
Date: June 3, 2016
Re: Manager Report and Recommendations – June 8, 2016 Planning Commission Meeting

6. A. Review Capital Improvement Plan

[Information]

The City is in the process of developing the Fiscal Year 2016-17 Budget that will take effect on July 1, 2016. A part of that process will be the development of a five-year Capital Improvement Plan (CIP) that is used to project likely future projects. I have attached a draft copy of the CIP that will be considered at the City Council budget public hearing on June 15th.

I thought that this might be of interest to the Planning Commission in context to your function in considering the long-term development of the City. You will note that projects are described in each of the major funds that are included in the City budget and are broken broadly into categories of the General Fund, Public Works and Streets, and Water and Waste Water. This document will have some context to the upcoming update of the Master Plan (page 8 of the CIP) and calls for implementation of the recently approved Recreation Master Plan through the development of parks concept plans (page 9) and future sidewalk extensions (page 10).

I will be prepared to provide an overview of the planned projects at the Planning Commission meeting. *Please refer to the attached Capital Improvements Plan.*

7. A. Project Updates

This section of the agenda is reserved for an update on current and pending projects in the City.
