Manager Gray introduced the site plan review for Greenstone Farm Credit Services, for the proposed construction of a financial institution on the property located at 500 Olds Street. He noted that the original site plan had been approved at the May meeting. This amended site plan includes the addition of a second driveway to Industrial Parkway. The utility plans have been reviewed and found to meet City requirements. The application has submitted plans to the Michigan Department of Transportation for the proposed driveway to Olds Street/M-99. Plans are **under** currently under review. It will be necessary for the applicant to obtain approval from MDOT prior to issuance of a building permit.

Motion by Jerry Drake, second by Christine Bowman, to approve the amended Site Plan from Greenstone Farm Credit Services for a proposed financial institution on the property located at 500 Olds Street, based on the Site Plan prepared by C2AE and dated June 28, 2017, finding that the site complies with the Review Standards listed in Section 15.05 of the Zoning Ordinance.
