Motion by Charles Crouch, second by Lance Taylor, to approve the June 13, 2018 regular meeting minutes, as presented. All in favor. Motion carried.

Manager Gray provided an introduction to the discussion of Master Plan goals and objectives. He noted that the outline included in the packet was prepared by Grant Bauman and the draft goals and objectives were prepared by staff. Both are provided in response to the discussion at the June meeting requesting draft materials to review and discuss. The draft was prepared based on the input received from the community survey, Economic Development Strategy, Redevelopment Ready Communities self-assessment, potential zoning plan, and the Capital Improvement Plan.

He stated that, following discussion, the document can be amended in any way the Planning Commission deemed appropriate to address the input that has been received for the Master Plan to date.

Grant Bauman provided a reformatted copy of the draft goals and objectives. Discussion followed and amendments were proposed to the draft Community Vision; Residential Goals and Objectives; Downtown Jonesville Goals and Objectives; Other Commercial Area Goals and Objectives; Industrial Goals and Objectives; Public and Private Institutional Land Goals and Objectives; and Public Facilities, Services, and Infrastructure Goals and Objectives.

Following the review of Vision, Goals, and Objectives, Planning Commissioners ranked the priority of the respective objectives. Those to be completed in the near term would be addressed in the next 1-3 years, mid term priorities would be addressed in 3-5 years, long term priorities would be addressed in 5 or more years. Grant Bauman collected the individual scores and will compile them into a consensus priority ranking for consideration at the next meeting.

Manager Gray provided an update regarding ongoing projects around the City.

There being no further business, Chair Venturini adjourned the meeting at 8:50 p.m.
