6. A. Master Plan Update

[Action]

Following the June meeting Grant Bauman, with Region 2 Planning Commission, prepared the attached Organization of Goals and Implementation Chapter. We intend to review and discuss this document at the July meeting.

The document is organized as follows:

- The first page of the document provides an overall description of the potential organization of the Chapter.
- Pages 2 through 5 provide DRAFT goals and objectives that are based on the public survey, Economic Development Strategy, and other input received at this time. Please focus your energy on these pages. As the notes in the document state, I have suggested the goals and objectives as a starting point. Please do review them to assure that all important public input and needed projects are addressed, and that the goals and objectives are clear and stated as you prefer.
- The remaining pages provide revised summaries of the information that we have received to form the future actions after the plan is adopted. They include the survey, Economic Development Strategy, Zoning Plan (amendments needed to the Zoning Ordinance to implement the plan), Redevelopment Ready Community objectives, and Capital Improvement Plan projects.

The primary goals of the meeting will be to address any additions, corrections or deletions to the Goals and Objectives, and to begin to discuss prioritization of the projects. Grant and I will be prepared to facilitate this discussion.

Please refer to the attached Organization of Goals and Implementation Chapter summary.

7. A. Project Updates

This section of the agenda is reserved for an update on current and pending projects in the City.
